ABOUT CLOSTER PLAZA

More than 150 years ago, Closter became known as “The Hub of the Northern Valley,” and Closter Plaza is the central gathering place for this remarkable community. EDENS’ vision is to create intimate spaces and a vibrant, sophisticated retail mix within an everyday setting made up of beautiful storefronts, a collection of food, film, fashion and fitness.

The renovated center will be anchored by Whole Foods Market and will feature a curated merchandising mix of national, regional and local well-known retailers with a strong, loyal customer base. The revitalized Closter Plaza will enrich the community and offer opportunities for friends and neighbors to come together and connect.
