# Closter's Trails

Closter's Environmental Commission invites you to walk (or jog, or stroll) along its many lovely wooded trails. You will encounter wetlands, uplands, brooks, meadows and forests. The accompanying trail maps will help you find your way.

Blazes tacked onto trees along the trails will guide you along the many paths we have established for your enjoyment.

Because Closter takes pride in cooperating with both neighboring towns and autonomous volunteer like-minded organizations, the maps in your hand show the contiguous trails of the Demarest Nature Center and the Closter Nature Center, all worthwhile extensions of the trails provided by the Closter Environmental Commission.
